

## **MADDALENA ROSE**

| Grape variety:               | Aglianico  |
|------------------------------|--|
| Classification:              | I.G.P. Basilicata  |
| Production area:             | Monte Vulture area, Venosa (PZ), Basilicata                  |
| Year of production:          | 2023   |
| Altitude of the vineyard:    | mt. 400 above sea level                                      |
| Area of the company:         | about 10 hectares  |
| Position of the vineyards:   | Hill   |
| Planting year:               | 1998   |
| Training system:             | Espalier   |
| Pruning:                     | Guyot  |
| Plant density:               | N. 4,100 vines / Ha  |
| Type of soil:                | soil of volcanic origin, loose and dry, with a good          |
|                              | structure, essentially tufaceous and with the typical color  |
|                              | of pozzolanic soils, also endowed with a good presence       |
|                              | of minerals.   |
| Harvest period:              | first ten days of October.                                   |
| Harvest:                     | done by hand in crates.                                      |
| Yield of grapes per hectare: | 100 quintals / Ha  |
| Vinification:                | 8 hours of maceration of the must with its own skins, soft   |
|                              | pressing, fermentation in steel containers at a controlled   |
|                              | temperature of 14 ° C.                                       |
| Refinement and               | in steel containers, refinement in the bottle                |
| maturation:                  |  |
| Bottling period:             | it is usually made to coincide with the cool spring season   |
|                              | and is subsequently put on the market after at least three   |
|                              | months of bottle aging.                                      |
| Alcoholic content:           | 12,5% Vol.   |
| Recommended serving          | 8° - 9° C.   |
| temperature:                 |  |
| Recommended pairings:        | excellent as an aperitif, with risotto, white meats, fish,   |
|                              | fresh cheeses and pizza.                                     |
| Organoleptic                 | bright pink color, the nose reveals a bouquet of red fruits, |
| characteristics:             | ripe pomegranate and spicy notes of pink pepper and          |
|                              | nutmeg. The mouthfeel is soft with excellent balance and     |
|                              | a long aromatic persistence.                                 |
|                              |  |
